

PROPOSITIONS concerning the Printing of a *Book* which is to contain these *Arts and Sciences* in two Volumes in Folio, now shortly to be published in English, by me *Richard Blome* dwelling in *Knight-Riders-Street*, near *Doctors Commons, London.*

THe two Volumes to contain all these *Arts and Sciences* which are to be equally divided, *viz.* *Grammar, Rhetorick, Logick, Oratory, Poetry, Ethicks, Oeconomicks, Politicks, Divine and Natural Philosophy, Metaphysicks, Theology, Law, History, Chronology, Chemistry, Medicine, Chirurgery, The Mathematicks, As Arithmetick, Musick, Geometry, Geography, Cosmography, a Cosmographical Geographical Description of the World, Astronomy, Astrology, Navigation, The Use and Projection of Instruments, As Globes, Maps, Cards, &c. Surveying, Architecture, Opticks, Scioigraphy, Fortification, Art of War, Fencing, Gauging, Traffique, Travail, Drawing, Painting, Graving, Etching, Heraldry, Horsemanship, Hawking, Fowling, Hunting, Fishing, Husbandry; as also The Mechanicks Mathematical: All which are studyed by such persons that have particular knowledge in every one of them. All illustrated with Copper-plates at the the Beginning of (and in) the said *Arts*, fit for the designing of the same: To which shall be also added An Alphabetical Table of the first Inventors of the *Arts & Sciences*, as also of other *Mysteries* as well *Mechanical* as otherwise.*

Those therefore that will be pleased to Subscribe the sum of 6. pounds, towards the encouragement of this so publick and beneficial an undertaking, (as to the advancement of real learning) shall have their *name, and Coat of Armes*, with *Mantle, Helmet, Crest, and Motto*, (if any) in a *Copper plate*, which shall be incerted in the *Art of Heraldry*, as friends and Benefactors to the said work, to remain for future Ages, the one half of the money to be paid when part of the book is printed, if then required, and the other part, when they, or their *Assignes* shall receive from me one of the said printed copies well bound.

Also those that desire a nearer relation to this design, for subscribing the sum of twelve pounds, may choos a plate in any of the aforesaid *Arts*, not yet chosen, to which they shall have their archeivements at large joyned to a *Copper-plate* suitable to the same, as *Patrons* thereof. Six pounds to be paid: When the said plate is graven, Three ponds, when part of the book is printed, and Three ponds, when they or, their *Assigns* shall receive one of the said Copies as aforesaid.

Also those that are more curious in their Books, as in the goodness of paper, or otherwise, for the advancement of Fourty shillings above the aforesaid sum of Six pounds, or Twelve pounds to be paid as aforesaid, may have their Volumes of good large and fine paper.

Likewise for the sum of Fifteen pounds they may have their Volumes of the fine paper, with all the Sculptures illustrated in their proper colours, but to those that do choose a *Copper-plate*, as aforesaid, the sum of twenty pounds to be paid as aforesaid.

An account of those Nobility and Gentry, that upon my communicating of this Design unto them, have not only approved thereof themselves, but think it fit to be published in Print for the benefit of others, to which end they have promised their Assistances as to the promoting of the same, *viz.*
